A Message from the Caddy Committee Convenor

As we strive for excellence in our golfing community, I would like to express my appreciation for our caddies' hard work and dedication. They play a vital role in enhancing the golfing experience, and their expertise and course knowledge are invaluable.

As Convenor, I am committed to ensuring our caddies receive the support and training needed to provide exceptional service. Recently, we organised a Caddies Workshop on 7 January 2025, with esteemed facilitators Ms Nitika Kumari Jadeja and Mr Vinay Modi. The workshop focused on improving caddy behavior, interaction with members, and communication with Indian and foreign guests. Our Caddy Master, Mr Dal Singh, and Assistant Caddy Master, Mr Ram Singh, also played a pivotal role in guiding the caddies on best practices.

Furthermore, we are enhancing our caddies' professionalism by providing uniforms to both Category A and B caddies in May 2025.

I would like to thank our caddies for their tireless efforts and commitment to excellence. I encourage our members and guests to appreciate and acknowledge the important role caddies play in our golfing community.

Thank you
SHARAD AGARWAL

RGC'S Hridaan Qualifies for Junior World Championship in USA

Rambagh Golf Club's Hridaan Saraogi has qualified for the Junior World Championship by performing excellently in the US Kids Golf India Tour. Hridaan has shown his talent by securing first place in 4 consecutive tournaments of the US Kids Golf India Tour held in Gurgaon. He will now represent India in the Junior World Championship of Golf to be held in July 2025 at the prestigious Pinehurst Golf Course in North Carolina, USA. Hridaan regularly practices at the Rambagh Golf Club to hone his skills.

Hridaan is one of only two children in his age group to represent India on the world stage who have been able to reach this level. He has brought laurels to India not only at the national level but also at the international level.

This is the local tour that US kids organises every year in India and 30 other countries around the world. Junior golfers are then selected to play the world championship, which takes place in Pinehurst and is the largest tournament worldwide for juniors. Golfers are chosen only if they score level par over 36 holes. Hridaan scored -2 in one round and +2 in the second for a level par score across two days. This has secured him an invitation to this tournament.

Shiksha Jain : Jaipur's Young Golfing Star with Olympic Dreams

From the quiet greens of Rambagh Golf Club to the fairways of international acclaim, 14-year-old Shiksha Jain is writing a story of discipline, resilience, and unwavering belief—one powerful swing at a time. Born and raised in Surat and now training out of Jaipur, Shiksha began her golfing journey at the tender age of 7. What started as a curious first lesson quickly evolved into a deep passion and daily pursuit. Today, she stands tall as one of India's top-ranked junior girl golfers, with over 87 tournament victories under her belt and 174+ international invitations to her credit. She is currently ranked among the Top 3 nationally in her age category.

Shiksha's journey, however, hasn't been smooth or conventional. Coming from a service-class background, her parents have made enormous sacrifices—relocating cities, choosing flexible schooling, and self-funding training and travel—to ensure she gets every opportunity she deserves. Every trophy has a backstory: early morning fitness drills, countless hours under the sun, long drives across cities for tournaments, and a tightrope walk on family finances.

But none of this dims her ambition. "I don't just want to win. I want to represent India at the Olympics. That's the dream. And I know I have to earn every step," says Shiksha.

Currently being coached by Dronacharya Awardee Mr. Jessi Grewal, Shiksha trains 10–11 hours a day, combining high-performance golf with intense physical conditioning. Her 2025 calendar is packed with 24+ national and international tournaments, including qualifiers in Thailand, South Africa, and Bangladesh.

Shiksha's talent hasn't gone unnoticed by professionals on the national circuit. Om Prakash Chouhan, a decorated PGTI winner, remarks: "I've seen Shiksha's game closely. Her swing is sharp, her mindset is mature, and she's fearless under pressure. She belongs on the Olympic stage."

His sentiments are echoed by Sachin Baisoya, another PGTI stalwart: "Shiksha reminds us what Indian golf is capable of. She's not just the future of women's golf—she's a symbol of what sheer determination looks like."

Shiksha has become a local inspiration, especially for young girls who often don't see themselves reflected in golf. She aims to use her platform to make golf more accessible, especially in underrepresented communities.

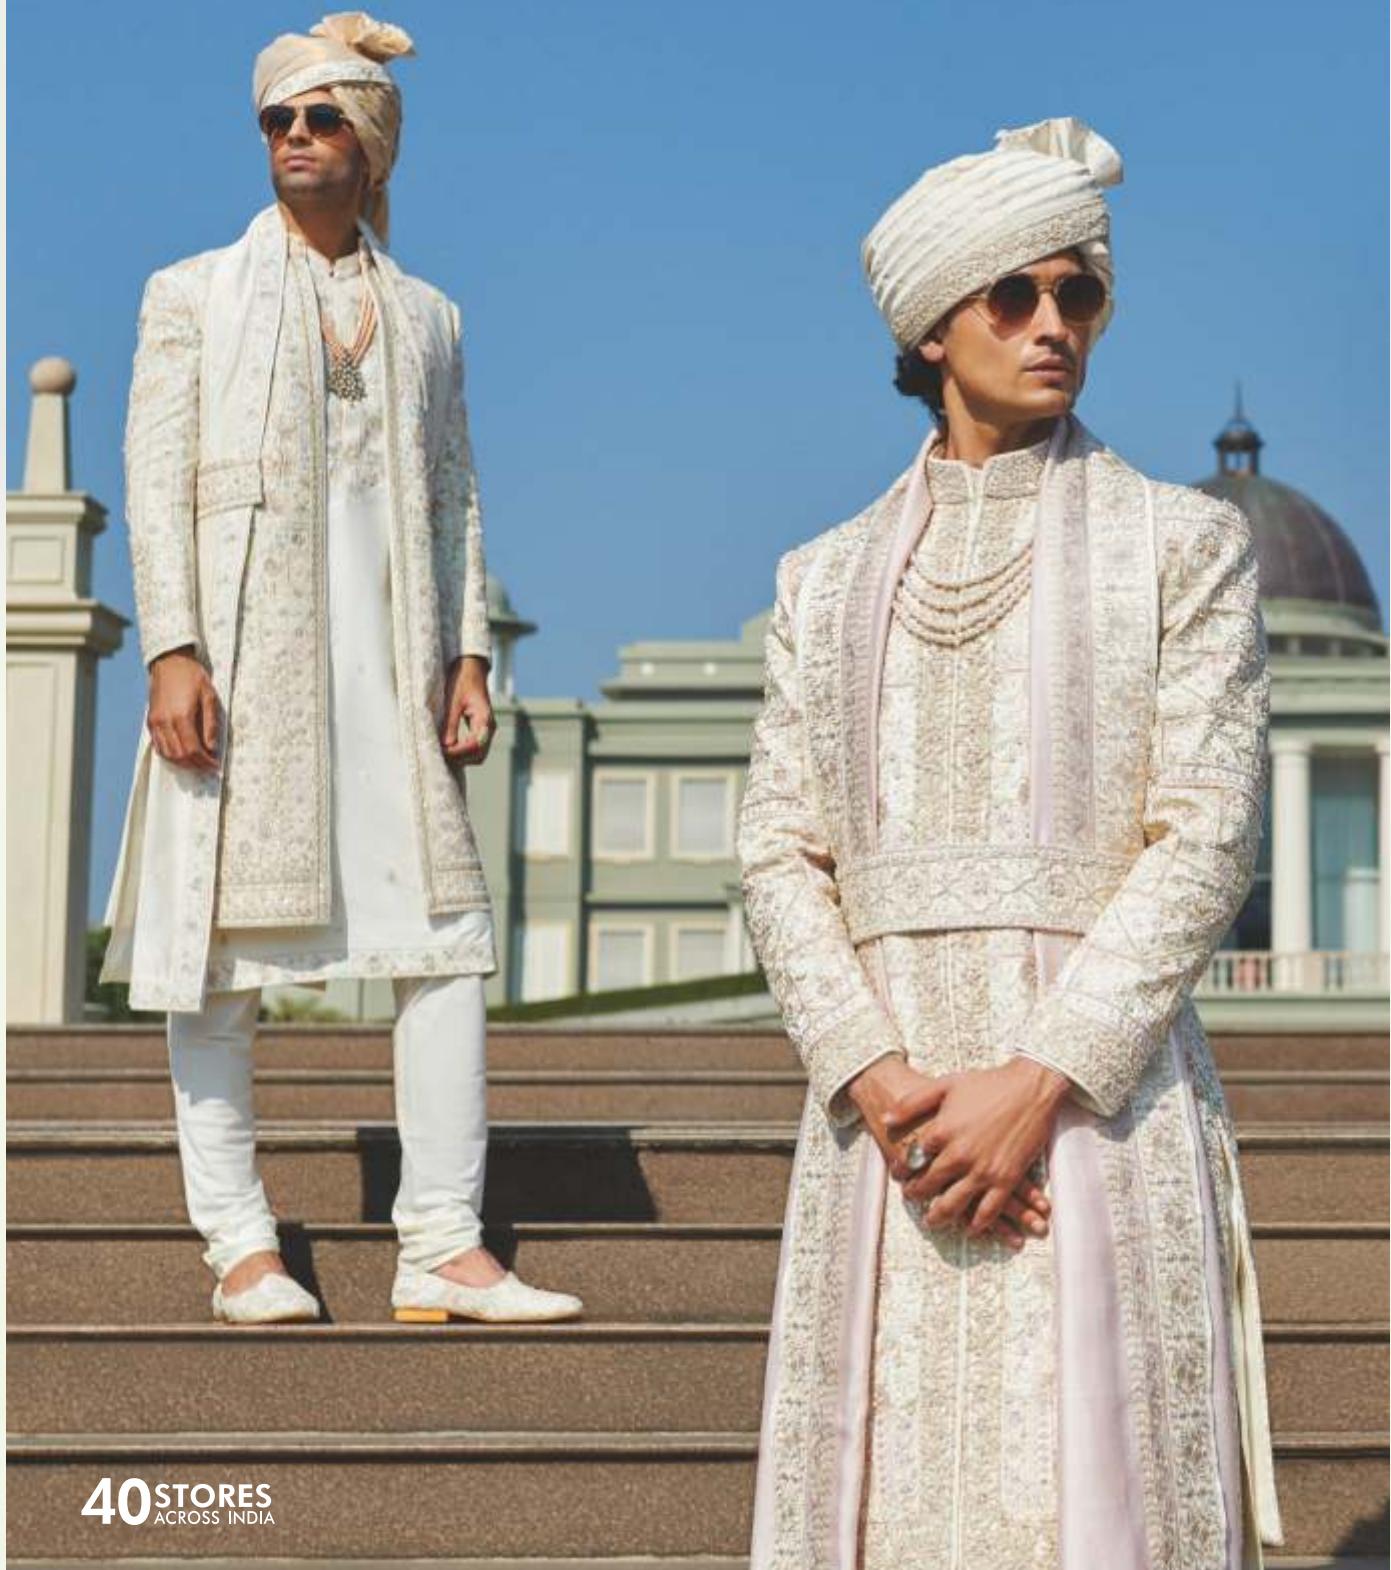

"If one girl sees me and picks up a golf club tomorrow, that's a win for me," she says with her signature smile.

The Rambagh Golf Club has been an integral part of Shiksha's growth, offering her a nurturing ground to compete, train, and connect with Jaipur's tight-knit golfing community. Her victories in tournaments hosted right here on our turf are reminders that world-class athletes can rise from within our own greens.

As Shiksha now marches toward her Olympic goal—eyes set on Los Angeles 2028—we as a community have a chance to support, celebrate, and champion one of our own. Let us take pride in this remarkable young athlete who is not just playing golf but redefining it for the next generation.
